enrich their studies beyond teaching and learning and develop respect towards society through curriculum, extra-curricular programs, enrichment and charity organizations.

**College students**

As the majority of students are intensely focused on of higher learning, we guide them to apply for the appropriate universities/institutions for their career development and conduct coaching classes.

**College programs**

College offers a wide range of programs to the students that enable them to acquire vital skills in literacy, numeracy, speaking, listening, research and presentation through a curriculum delivered in a variety of imaginative and inclusive ways (e.g. group projects, databases etc.).

Students have access to accurate, up-to-date and impartial career guidance and are counseled on their options for further education/career.
