Organising *One-day National Webinar* On “Classroom to Industry – An overview” **11th September 2021** (10:00 AM – 1:00 PM)

About the Webinar

"Making a Difference in the Life of Every Student" is the priority of our Secretary & Correspondent, Dr. V. Rama Rao. PEA is always in the forefront in creating an environment of knowledge and application and to inspire youth to become leaders of tomorrow. Collaboration between industry and academia is key to catalyse innovation and growth in technology. While industry often focuses on addressing solutions that are of near-term commercial value and academia focuses on building new knowledge through research and imparting education to students, the combination can yield accelerated development of new breakthroughs. In this context, this one-day webinar “classroom to industry –An overview” is planned to provide and share the expertise of resource persons to bridge the gap on a single platform. Lectures on a variety of analytical tools along with their applications relevant to industry will be discussed.
