Field Visit to Dairy Farm and Poultry

- K. Bandhavu

On 30th October 2021, the final year students of CBZ group, almost 32 members went to a field trip as a part of our semester project; Zoology Paper-6 Animal husbandry. We were given permission to visit the Dairy Farm and Poultry in Duvvada by our principal and vice principal Sir. We were allotted with our subject teacher, Mrs. Sony mam to care us. We made arrangement for our visit and our classmates gather in college by 9:00 a.m.

We started from our college and visited "Heal City Dairy Farm" in Duvvada. Mr. Sudhis Kumar and Mrs. Ratna Kumari are the director and co-director of the farm. They manage the farm with the involvement of their family members and some experienced farmers. Their main motto of running a farm is to supply "A₂ milk" which is good for health. The farm consists of 18 "Murrah breed" and 2 "Gir breed". They have 4 calves of different months. The environment is so pleasant and we had a clear explanation of the topic i.e. managing the farm. We also visualized the type of feed they give to cattle and the feed is grown in their land in organic process. We were so touched by their hospitality.

Later we moved to "Bhaskar Poultry" which is nearby the farm. It is runned by some workers where we had got the opportunity to visit due to Mrs. Jayasree. The environment is good but due to the litter of fowls we couldn't stay for long time. It is a poultry which has 5 pens each consisting of 10,000 fowls. It is an intensive type with 4 birds in each cage. They are all layers and given feed and water. The litter is also used as food for fishes or as manure in farms. Most of the birds seemed to be diseased and few birds layed small eggs. We were informed about the timings of layers for laying eggs and photographed the fowls.

Finally we succeeded the field visit which turned out to be memorable as well as subjectful. We show our gratitude for our subject teachers Mrs. Sony mam and Mrs. Jayithri mam for suggesting and Mrs. Sujatha mam for helping with our formalities of our visit. Our heartfelt thank you for our Principal and Vice Principal sir for considering our thought and giving permission. The generosity of Dairy Farm and Poultry owner has made our trip astonishing and we were fascinated by their receiving. The transport was comfortable and our classmates made the trip more enjoyable and a best scenario in our college days. The harmonious trip with our zoology mam, Mrs. Sony mam made us an accomplishment our mission safe and secured.
